It is a middle school where 148 students are getting education from teachers who try to encourage their students.

The school has a big playground for the children. The majority of the parents of these children are laborers. Since they have a very low income, they are unable to pay school fees. In order that these children could be able to continue their education, we charge them very low fees.

Hearing Impaired Assistance

At Canon Triest Middle School, deaf-mute children are also getting education. We have five students in this school and they belong to poor families, who find difficult to pay their tuition fee. We have hired a special teacher for them. We aim to bring quality into their lives of these children so that they can become active members of our community. This effort is beneficial for all those involved in it, both the teachers and the children.

Safety and a sense of security are necessary components of good learning environments. This school provides a safe learning environment for students. The school is very much at the heart of the community and well supported by parents and other members of the local community.

Most of the residents of Eisa Nagar work as bonded laborers in brick kilns from dawn to dusk and earn very little income. From the amount they earn, they have to pay loans and to manage their domestic expenses. Most families living at Eisa Nagar are facing enormous challenges, which make it impossible for their children to go to school. Umeed-e-Nau School started in this area to assist people who cannot afford educational expenses. The Umeed-e-Nau School provides free books, notebooks and stationery for students. The school charges a very low fee, which the people of Eisa Nagar can afford. The local community really appreciates the facilities provided by Umeed-e-Nau School.

In our community, there are many people living with disabilities and they are neglected by society. Their own families also neglect them and some families even reject these people. Pak Dil Centre provides a safe environment where people with disabilities are respected and where they can receive some training that will help to improve the quality of their lives.

Holy Rosary Boys Hostel (Gujrat)

Holy Rosary Hostel for boys is located in Gujrat, and caters for children who are living far from the city. At first, the Hostel had few children but day by day the numbers of these children increased and now there are many who want to come and live here. Holy Rosary Boy's Hostel's main objective is to provide a better environment for needy children so that they can go to schools nearby and receive education. In Holy Rosary Boys Hostel we have many children from poor families who cannot afford to pay school fees.
